Subject

Claim for travelling allowance of certain officials detailed for Census duty beyond a radius of 5 miles from their Head-quarters.

The Deputy Commissioner Chitaldrug Dist. in his Letter No. 1425/mis Dt 15th May 01 brought to the notice of the Census Superintendent the fact that the Comptroller has returned unaudited certain travelling allowance bills which had been forwarded by him on behalf of certain officials of the Dist. who were employed on Census work beyond a radius of five miles

as the Govt in their
Pro No 13010 – 12 / S. 2772 Dy 25/4/93
had declined to sanction
T. A. for certain Schoolmasters
of Shimoga who were
employed in the Census
work of 1891., and
requested the Census
Superintendent to move
the Govt to pass a
general order sanctioning
the grant of T. A. to
all Govt officials employed
on Census duty, on
the strength of Govt
Pro No 5597 – 605 / R. 777 Dy 3/2/1900
sanctioning the grant
of usual T. A. to officials
deputed for special
Khanashumari ordered
on Govt Pro No 7601 – 615 / R.F. 46-97-98
Dy 24 April 1899.

The Census Superintendent
in his Docket No 1533
Dy 30th May 01 requested the

Dy. Commissioner to forward a consolidated bill on behalf of all the officials who have claim for T. A., with an explanation why they were not employed in their own neighbourhood.

The Dy: Commissioner accordingly forwarded a bill for Rs 353-15-11 with his letter No 32 Dy 2nd June 01, for countersignature and transmission to the Comptroller and states that the officials of the Dist and other offices had to be detailed for Census duty in the more remote villages of the Chittagong Dy owing to the absence of competent men in the neighbourhood

The Census Superintendent forwarded the above bill to the Comptroller

with his No. 41 Dt 11th ult. of
drawing the attention
of the Comptroller to
Art. 617 of the M. S. Regns
and G. Pro No 2745-84
P&A. 305-
Dt 23rd August 1900 ruling
that the T. a. under the
circumstances is debitable
to the Deptt to which
the officials belong.

The Comptroller
again returned the bill
with his Docket No 751/35
Dt 30th ult. stating that
the G. Pro above quoted
contained only instructions as
to what Deptt the T. a.
was to be debited and
did not convey Govt
sanction to the same.
He also forwarded a copy
of the Govt Pro No 13010-12/92772
Dt 25th January 1893 declining
to sanction T. a. to
certain schoolmasters

employed on Census
work during the
Census of 1890-1891.

and requests Govt. Sanctn
to the grant of T. a.
to the officials employed
on Census work under
the usual rules for
the following reasons:—

(1) That during the
present Census steps
were taken to ascertain
the residence & other
particulars of all persons
eligible for Census work
with a view to their
employment as far
as possible in their
own neighbourhood

consequently there will be very few deputations eligible for T. A. under the rules and that if the Dy Commissioner employed certain officials beyond a radius of 5 miles, it was unavoidable that he should do so for the successful completion of the task.

(2) That, as he viewed the T. A. to be an admissible charge, he suggested in para 8 of his official Memorandum No 310 Dy 24th September 1900, that it would be debited to the respective depots to which the officials belonged under Art 617 of the Ml. S. Regns as emphasized by G. O. No 2745 / A&A 305 Dy 23rd August 1900.

(3) That if the officials had proceeded as they

ded on the work of their own Depts, they would have received these allowances.

(4) That what the officials claimed is not remuneration for having done census work without prejudice to their usual work but batta and mileage under the usual rules "to cover the actual travelling expenses incurred in travelling in the interests of the public service."

(5) That the officials concerned are mostly low paid and that the prices of food are very high when compared with those of the year 1891.

Submitted for orders

M 30/8/01

It is clear from Govt Pro: No 13010-12 & 2772 & 25th January 1893 that

was sanctioned to officials employed on Census work in 1891 but the Census Supt now says that among various circumstances which differentiate 1901 from 1891 high prices of food &c are important and that it is fair that travelling allowance should be allowed in the case of officials who were deputed for Census duty during the current year.

Should ~~they~~ forward

Yes.

I recommend that the Officials named in the Census Supt's memorandum be granted travelling allowances in respect of Census duty performed during the current year.

High prices of food &c are important

Taluk offrs do not
draw any batta when

OFFICE OF THE
DIRECTOR OF STATISTICS IN MYSORE,
DATED BANGALORE, August 1901.

From J. Ananda Rau Esquire,
~~THE~~ DIRECTOR OF STATISTICS IN MYSORE,

To The Secretary to the Government of Mysore, Revenue and General Departments,

SIR,

I have the honor to submit herewith for the orders of Government a file of correspondence as per list attached and ending with the Comptroller's office No: 751 T/A 35 dated 30th July 1901. The subject relates to a claim for Travelling allowances to certain Officials detailed by the Deputy Commissioner of the Chitaldrug District for Census duty beyond a radius of 5 miles from their Head quarters. The Comptroller feels precluded from passing the bill

bill in view of the order in connection with the Census of 1891 contained in Government Proceedings No. 13010-12 G. 2772 dated 25th January 1893 which declined to sanction travelling allowance then claimed by certain School masters of Shimoga for having travelled on Census duty during January and February 1891.

2. I am not well acquainted with the circumstances which attended the arrangements of the Census of 1891, but on the present occasion preliminary steps were taken to ascertain the residence and other particulars of all persons eligible for Census work with a view to employing them as far as possible in their own neighbourhood, so that, if Deputy Commissioners deputed officials for duty beyond a radius of 5 miles from their head quarters it may well be inferred (as indeed the

Deputy

Deputy Commissioner has explicitly stated in the present case) that such deputation was necessary and unavoidable for the successful completion of the task entrusted to them, that the deputations were fewer in number than in 1891, when the preliminary precaution above mentioned was probably not taken and that they certainly were as few as they well might be. It was thus that, viewing travelling allowances as an admissible charge I suggested in para 8 of my official Memorandum No. 310 dated 24th September 1900 (copies of which were sent to you on the 28th idem) that such allowances would be debitable to the respective Departments to which the officials so deputed may belong under

Article

Article 617 of the Mysore Service Regulations and emphasized by Government Proceedings No: 2745-L.A 305 dated 23rd August 1900.

3 The case is well put in the letter of the Executive Engineer Mr. Y. Srinivasa Row No: 240 dated 4th July 1901 in the file. If the officials had proceeded as they did on the work of their own Departments they would have received these allowances. They have travelled and done Census work without prejudice to their usual work arrears of which they have probably overtaken by doubled exertions. The allowances claimed are not remuneration but batta and mileage at rates fixed by the rules so as "to cover the actual travelling expenses incurred in travelling in the interests of the public Service" (Cert 513-L of the Mysore Service Regulations).

The

The officials concerned are mostly low paid clerks of the Taluk and District offices. And lastly among various circumstances which differentiate 1901 from 1891 high prices of food &c are important.

4. Under the foregoing circumstances I beg that Government may be pleased to authorise the Comptroller to pass the Travelling Allowances under the usual rules.

I have the honor to be,

General No 240.

Sir

In submitting correspondence ending with P. W. Examiners No 3619/121 of 22nd June 1901 regarding travelling allowance for certain officials employed on Census duty, I have the honor to report that the allowance claimed is stated to be inadmissable as per Government Proceedings No 13010-12 of 25-1-93 and that Gr. 2772 the amount already paid must be recovered.

But in a subsequent Memorandum Dated 24/9/90. drawn up by the Director of Statistics and Census Superintendent

Superintendent in connection with the last Cen
it is stated that the allowances to be paid for office
travelling on Census duty is debitable to establis
ment to which their pay respectively charged, Vide
8 of the Memorandum. Further the Deputy Commis
of Chitaldroog District has been asked to subm
a bill to cover up allowances to be paid for such o
the Revenue officials as were deputed for Census
to can be seen in Census Superintendent's No. 153
dated 30/5/1901, in which it is plain that the allowa
claimed by the officials is not unfair in as much
they would have got under the rules if they had tra
on their duty. Copies of para 8 of the above Memora
and Census Superintendent's No. 1533 Dated 30/5/1901 are
enclosed for reference.

3. Besides, the officials, in addition to their legitim
duty were not only subjected to the extra labour in
in carrying out the Census work entrusted to them,
were also made to pay on account of conveyances
for which they had to travel distant places away fro
their head quarters & stations. Under these circumstanc
the officials, low paid as they are, cannot be compelled to bea
the cost of journeys undertaken by them in carrying o
Government work. I therefore beg to place the matter
before the Chief Engineer for favourable consideratio

Sir,

I have the honor to state that under Government Proceedings No. 13010—12 G. 277 dated 25th January 1893, declining to sanction the Travelling Allowance claimed by certain school Masters of Shimoga for having travelled in — connection with the census of 1891, the Comptroller has returned unaudited the travelling allowance bills of some of the officials of this District who were employed on census work this year for want of special orders of Govern-ment to pass such bills. I am not aware of the circumstances under which

which the travelling allowances were not claimed by, and granted to the officials of all the Departments deputed for census work in 1891, nor do I see any reason why such allowances should not be allowed. The officials employed as Supervisors and Enumerators in connection with the late census have undergone considerable trouble and expense for procuring conveyance &c to go to distant villages from their Head-quarters and have done the duty entrusted to them satisfactorily. Even in the case of officials deputed for Special Khaneshmari ordered in Government Proceedings No. 7601-615. R. 7. 46-97-98 dated 24th April 1899, usual travelling allowance was sanctioned. (Vide Govt: Pro: No. 53-97-606 dated 3rd February 1900 H: 777

present Census may be allowed travelling allces under the ordinary rules.

Order thereon to 5696-96
Pat. 400/2/16-9

Taking into consideration the various circumstances which differentiate the Census of 1901 from 1891 and the current high prices of food-grains &c, the Govt observe that the detailed officials employed at during the present Census for Census duty must have been put to much inconvenience, trouble and expense in having to go away from their Head Quarters and they are accordingly pleased to sanction the grant of travelling allces under the ordinary rules to

The Govt are pleased to sanction travelling allces under the ordinary rules being granted to such officials as were deputed for Census work at the last Census.
